

## **Midland Boxer Club Special Event – Saturday 27<sup>th</sup> November 2021**

I would like to thank the committee for inviting me to judge at their Open show, it was lovely to be invited. I had a great entry of 23, which in this climate is encouraging; however a freak downpour of snow in the morning of the show, meant the show suffered from a high absentee rate.

### **Class A Puppy Dog (6-8 months) (2,2)**

### **Class B Puppy Dog (8-10 months) (1,1)**

### **Class C Puppy Dog (10-12 months) (0,0)**

### **Class D Puppy Bitch (6-8 months) (5,4)**

**1<sup>st</sup> Pynegar & Law, Berwynfa Que Sera Sera.** Stood alone in the class, Stylish light B/w Bitch. Head and mouth of good proportions. Well angled front and rear, difficult to assess as was giving owner a hard time, being a typical bouncy Boxer full of character.

### **Class E Puppy Bitch (8-10 months) (3,1)**

**1<sup>st</sup> Drinkwater, Sulez Smasher.** Beautiful b/w, feminine head, correct eye shape filled with mischief. Good crest of neck, flowing into well laid shoulders. Square outline. Correct sloping topline, with good rear angles. Correct depth of chest for a puppy, with good underline. Well off for bone, moved well. Living upto her name! A Smasher! **BSEP**

**2<sup>nd</sup> Woods, Marbelton Joint Venture With Arkeney.** Very stylish R/w, good proportions, square. Well muscled, but not too overdone. Another puppy giving her owner a tough time, very lively on the move. Correct proportion head with a wide mouth, correct eye shape and colour.

### **Class F Puppy Bitch (10 -12 months) (2,1)**

**1<sup>st</sup> Kavanagh, Arkeney Burns Night At Marbelton.** Smart square b/w. Correct proportioned head, with wide nostrils, good lip placement, pleasing eye colour and shape. Good crest of neck, leading into well laid-back shoulder. Correct sloping topline and good tailset. Good rear angulation, not too exaggerated. Tight cat like feet. Moved with drive and purpose.

### **Class G Junior Dog (12-15 months) (2,2)**

### **Class H Junior Dog (15-18 months) (2,2)**

### **Class J Junior Bitch (12-15 months) (5,3)**

**1<sup>st</sup> 53 Payne, Boxania Roamin Away To Birleyvale.** Very close call between the two bitches in this class, my winner just won it by having more of an edge with her temperament. Really smart b/w bitch, square outline, prettiest of heads. Good crest of neck, well laid shoulders, good depth of chest, creating a good underline. Correct tailset. Well muscled rear quarters with good angulation.

**2<sup>nd</sup> Clayforth, Tyslee Tabitha.** Stylish B/w, medium sized, square bitch. Clean head, wide mouth and good lip placement. Nice crest of neck, flowing into well laid shoulders. Evident Forechest. Well off for bone.

### **Class K Junior Bitch (15-18 months) (3,1)**

**1<sup>st</sup> Brown & Hutchings, Winuwuk Aphrodite.** A bitch I have admired and was so pleased to have the opportunity to go over her. Square, medium sized bitch with a typical Boxer temperament where you could see the “cheekiness” in her dark brown eyes. Pleasing clean, feminine head, well muscled

shoulders and quarters, but not too overdone. Short well muscled back, showing off her strong sloping topline and correctly angled rear quarters. Moved with great drive and purpose. **BSEJ & BSE**

**2<sup>nd</sup> Law, Shellark Rule The World.** A super smart, Dark B/w bitch. This bitch has a lot of potential, unfortunately handler struggled to get the best out of her and therefore difficult to assess. Lovely clean head, with good rise of skull. Nice clean neck. Good shoulder and rear angulation. Lovely tight cat like feet. Good amount of bone.
